

CASE STUDY

Website Design & Development

Magnate Assets is an independent UK-based portal for real estate investment that provides a comprehensive database and detailed information on prime investment opportunities. The platform streamlines the search process to save investors valuable time, linking them directly to UK-based developer representatives with expert knowledge of the developments.

Magnate Assets negotiates exclusive incentives and discounts for investors, which are only available directly from the developers and their representatives through the UK property portal. Using the latest digital strategies and technologies, Magnate Assets provides a simple and transparent process and ongoing valuable insights to both investors and developers.

CLIENT: **MAGNATE[®] ASSETS**

SECTOR: REAL ESTATE
